A cellar fit for a fine cheese maker !

La Sommelière has conceived a machine fit for professionals to age, preserve and serve your favourite cheeses. As well as maintaining humidity at constant levels between 50 and 80%, this cellar has all the features needed to transform you into a proficient cheese maker. And thanks to the three removable cheese boards, your cheese can go from cellar to table in seconds !

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16 - 32°C.
