Multi zone ageing and service temperature wine cellar Prestige range

- + Capacity: 195 bottles*
- + Free standing installation
- + Design: silver body door frame
- + Cooling system: compressor
- + Type of cold: air moving system
- + Adjustable temperature ranges of use: 5°C-22°C
- + Electronic regulation
- + Thermometer with
- + LED lights
- + Humidity control: natural (hydrodynamy concept)
- + Digital display hygrometer
- + 1 reversible glass door, anti-UV treated glass with lock

In these **mised-use** cellar, you can age and keep your wines at service temperature at the same time. Set the minimum temperature at the bottom of the cellar and the maximum temperature at the top.

The gap between these two temperatures is automatically divided to create **up to six different temperature zones**. if you want to set your cellar to just one temperature select the same minimum and maximum temperatures.

Include 3 digital thermometers and 1 thermometer/hygrometer.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10°C-43°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 3 shelves. Adding shelves reduce considerably the total capacity.
